COMPLETE INVENTORY LIQUIDATION

AUCTIONEER'S NOTE:
The Bakers have been in business for more than 50 years in LaGrange, Georgia. Satisfied, happy customers are found throughout the USA. Their good reputation in the auto supply industry precedes this auction by many years.

Had not the Georgia Department Of Transportation condemned their property for the widening of Old West Point Road, this auction would never have been.

Rather than relocate, their decision is to liquidate. So on Saturday, June 20th at 10 a.m., The Auction Way Company will liquidate at absolute auction the entire inventory. There has not been a going out of business sale; inventory is complete the same as they run the business on a day to day basic.

Look at the brochure, go online or call for a catalogue, come inspect, and be with us on auction day.

For your convenience the auction will be conducted under the auction tent and merchandise will be presented on a large LCD TV. Be sure to inspect and mark your catalog, lots will be available for inspection up until it sells.

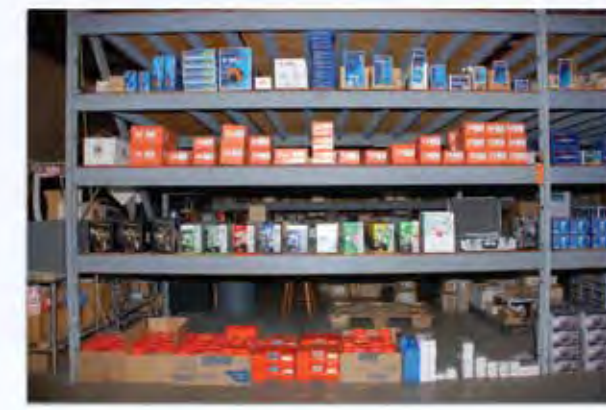

In any way we may be of assistance, call. We are here to help.
